During the May 3rd, 2014 Annual General Meeting, the membership elected seven board members to complete the make-up of its board of directors. They are as follows:

- Michel Delorme
- Natalie Duzanec
- Pierre Fortier
- Elizabeth Posada
- Richard Proulx
- Gary Richards
- James Wilkins

The Association and its activities will therefore be managed by a board of 11 representatives. The 2013 study of the lake’s various fish populations, the level of the lake itself, sedimentation evaluations and the quality of the water were among the subjects discussed at the gathering a forum that drew many questions.
